VOLUME 27

INDEX TO SCIENTIFIC PAPERS — 1976

SUBJECT INDEX

Abdomen

- Waldeyer's hernia, (Azouz, Doyon), 108
- Venous intravasation of pantopaque during myelography — report of two cases and a review of the literature, (Lee), 111

Adrenals

- Echography: A new approach to the diagnosis of adrenal hemorrhage of the newborn, (Pond, Haber), 40

Aneurysm

- Angiographic demonstration of a thoracic aortic aneurysm with rupture into the pulmonary artery, (Guthaner, Higgins, Wexler), 96

Aorta

- Angiographic demonstration of a thoracic aortic aneurysm with rupture into the pulmonary artery, (Guthaner, Higgins, Wexler), 96

Arteries

- The value of preoperative saphenous venography for graft evaluation in femoral arterial occlusive disease, (Tabrisky, Christie, Nejd, Lindstrom), 37
- Monckeberg's arteriosclerosis revisited: or silver vessels among the old, (Moskowitz, Verani), 200

Arteriography

- Angiographic assessment of pancreatic pseudocyst: A reappraisal, (Cho, Reuter), 193

Arthritis

- Osteomyelitis and septic arthritis complicating hand injuries and infections: Pathogenesis of roentgenographic abnormalities, (Resnick), 21
- Inter-relationship between radiocarpal and metacarpophalangeal joint deformities in rheumatoid arthritis, (Resnick), 29
- Roentgen features of the rheumatoid mid- and hindfoot, (Resnick), 99

Ataxia-telangiectasia

- Ataxia-telangiectasia, (Francis, Vermess, Waldmann), 92

Authors' Information (Aux auteurs)

- 61, 215

Bones and Joints

- Le canal métaphysaire et le trajet serpigneux dans l'ostéomyélite — revue de la littérature à propos de deux cas, (Slomic, Azouz), 16
- Osteomyelitis and septic arthritis complicating hand injuries and infections: Pathogenesis of roentgenographic abnormalities, (Resnick), 21
- Inter-relationship between radiocarpal and metacarpophalangeal joint deformities in rheumatoid arthritis, (Resnick), 29
- Disappearance of osteogenic sarcoma after irradiation: Immunologic observations, (Urtasun, McConnachie), 80
- Roentgen features of the rheumatoid mid- and hindfoot, (Resnick), 99
- Radiology of the total knee replacement, (Goergen, Resnick), 178
- Quiz Case, (Strasberg, Tuttle, Lamon), 210
- Pelvic fractures in children, (Reed), 255
- More causes of button sequestrum, (Satin, Usher, Goldenberg), 288
- Roentgenologic aspects of spinal involvement by primary and metastatic Ewing's tumor, (Whitehouse, Griffiths), 290
- Osteoid osteomas arising in adjacent bones: Report of a case, (O'Dell, Resnick, Niwayama, Goergen, Linovitz), 298
- Periosteal chondroma: Report of two cases with atypical radiologic features, (Cooke, Pearce), 301

Brain

- Anatomic variants of the cerebello-pontine cisterns and their significance in positive contrast cisternography, (Cooper), 217

Breasts

- Mammary anterior mediastinal pseudotumor, (Keats), 262
- Ultrasonographic evaluation of breast masses, (Laing), 278
- Recent experience in mammography using trimax rare-earth system, (Bruwer), 283

Cancer

- see Neoplasm

Chest

- Ataxia-telangiectasia, (Francis, Vermess, Waldmann), 92

Computed Tomography

- Historical notes on computerized axial tomography, (Hounsfield), 135
- Basic introduction to computerized tomography, (Banna), 143
- Studies on physical phantoms in the EMI scanner, (Aronow), 149
- A comparison of computer assisted tomography (EMI scanner) with conventional neuroradiologic methods in the investigation of patients clinically suspected of intracranial tumor, (Gawler, duBoulay, Bull, Marshall), 157
- A system for the accurate correlation of computerized axial tomography with other studies, (Messina, Potts, Sackett), 170

Duodenum

- Spontaneous nephro-duodenal fistula, (Geisse, Blath), 118

Editorials

- CT scanning, a rapidly changing field, (Duggan), 134
- Therapeutic results in diagnostic radiology, (Houston), 1
- Consultant or handmaiden, (Kent), 74

Education

- Resident evaluation — is our method effective? (Lewall, Duggan, Fisher), 122

Emi Scanner

- see Computed Tomography

Evaluation

- see Education

Face

- The application of xeroradiography in diagnosis of maxillofacial problems, (Kalisher, Olson, Guralnick), 52

Fistula

- Spontaneous nephro-duodenal fistula, (Geisse, Blath), 118

Fractures

- Pelvic fractures in children, (Reed), 255

Gallium

- see Radionuclide Imaging

Gardner Syndrome

- see Gastrointestinal Tract

Gastrointestinal Tract

- Gastric leiomyoblastoma in a child, (Schmitt, Heidelberger), 115
- Gastric and small bowel polyps in Gardner's syndrome and familial polyposis coli, (Schulman), 206
- Gastrointestinal abnormalities in renal homo-transplant patients, (Peterson), 240

Hand Injuries

- Osteomyelitis and septic arthritis complicating hand injuries and infections: Pathogenesis of roentgenographic abnormalities, (Resnick), 21

Hemangioma

- see Neoplasms

Hemorrhage

- Echography: A new approach to the diagnosis of adrenal hemorrhage of the newborn, (Pond, Haber), 40

Hernia

- Waldeyer's hernia, (Azouz, Doyon), 108

Immunology

- Disappearance of osteogenic sarcoma after irradiation: Immunologic observations, (Urtasun, McConnachie), 80

Information for Authors, 61

Joints

- see Bones and Joints

Kidneys

- Xanthogranulomatous pyelonephritis, (Crane, McLelland), 45
- Spontaneous nephro-duodenal fistula, (Geisse, Blath), 118
- Gastrointestinal abnormalities in renal homo-transplant patients, (Peterson), 240
- Bilateral intrarenal hematomas from anticoagulants, (Hidvegi), 250

Larynx

- Laryngeal granular cell myoblastoma — Two case reports with radiographic demonstration, (Pressman, Seaman), 59

Lungs

- Direct magnification radiography of the chest in diffuse pulmonary disease, (Lefcoe), 3
- The right pleuromediastinal reflection in children, (Patriquin, Beauregard, Dunbar), 9
- The congenital pulmonary venolobar syndrome in three successive generations, (Tomsick, Moesner, Smith), 196

Lymph Nodes

- Sialography in metastases to lymph nodes of the parotid gland, (DeCaires, Thomson, Toth), 57

Magnification

- Direct magnification radiography of the chest in diffuse pulmonary disease, (Lefcoe), 3

Mammography

- Recent experience in mammography using trimax rare-earth system, (Bruwer), 283

Mediastinum

- Mammary anterior mediastinal pseudotumor, (Keats), 262

Myelography

- Venous intravasation of pantopaque during myelography — report of two cases and a review of the literature, (Lee), 111

Neck

- Demonstration of cavernous hemangiomas of the neck and tongue by internal jugular and subclavian venography: A case report, (Shimshak, Winestock), 203

Neoplasms

- Laryngeal granular cell myoblastoma — Two case reports with radiographic demonstration, (Pressman, Seaman), 59
- Half-body radiotherapy of advanced cancer, (Fitzpatrick, Rider), 75
- Disappearance of osteogenic sarcoma after irradiation: Immunologic observations, (Urtasun, McConnachie), 80
- Gallium-67 citrate scintiscanning in testicular neoplasia, (Jackson, Dierich, Lentle), 84
- Gastric leiomyoblastoma in a child, (Schmitt, Heidelberger), 115

- Demonstration of cavernous hemangiomas of the neck and tongue by internal jugular and subclavian venography: A case report, (Shimshak, Winestock), 203

- Quiz Case, (Strasberg, Tuttle, Lamon), 210

- Roentgenologic aspects of spinal involvement by primary and metastatic Ewing's tumor, (Whitehouse, Griffiths), 290

- Osteoid osteomas arising in adjacent bones: Report of a case, (O'Dell, Resnick, Niwayama, Georger, Linovitz), 298

- Periosteal chondroma: Report of two cases with atypical radiologic features, (Cooke, Pearce), 301

Osteomyelitis

- Le canal métaphysaire et le trajet serpiginieux dans l'ostéomyélite — revue de la littérature à propos de deux cas, (Slomic, Azouz), 16

- Osteomyelitis and septic arthritis complicating hand injuries and infections: Pathogenesis of roentgenographic abnormalities, (Resnick), 21

Pancreas

- Angiographic assessment of pancreatic pseudocyst: A reappraisal, (Cho, Reuter), 193

Paranasal Sinuses

- Ataxia-telangiectasia, (Francis, Vermess, Waldmann), 92

Parotid

- see Salivary Glands

Pelvimetry

- Carpenter's level aids true lateral radiograph during pelvimetry, (Zierolf, Kuhns), 286

Pleuromediastinal reflection

- The right pleuromediastinal reflection in children, (Patriquin, Beauregard, Dunbar), 9

Pregnancy

- Urography during pregnancy, (Rigby, MacEwan), 227
- Ultrasonic diagnosis of intrauterine fetal death, (O'Malley, Salem), 273
- Carpenter's level aids true lateral radiograph during pelvimetry, (Zierolf, Kuhns), 286

Pulmonary Artery

- Angiographic demonstration of a thoracic aortic aneurysm with rupture into the pulmonary artery, (Guthaner, Higgins, Wexler), 96

Pyelonephritis

- Xanthogranulomatous pyelonephritis, (Crane, McLelland), 45

Radionuclide Imaging

- Gallium-67 citrate scintiscanning in testicular neoplasia, (Jackson, Dierich, Lentle), 84
- Localization of Gallium-67 citrate in salivary glands following radiation therapy, (Lentle, Jackson, McGowan), 89

Radiotherapy

- Half-body radiotherapy of advanced cancer, (Fitzpatrick, Rider), 75
- Disappearance of osteogenic sarcoma after irradiation: Immunologic observations, (Urtasun, McConnachie), 80
- Localization of Gallium-67 citrate in salivary glands following radiation therapy, (Lentle, Jackson, McGowan), 89
- Immunologic considerations of large volume radiotherapy, (McCredie), 264

Salivary Glands

- Sialography in metastases to lymph nodes of the parotid gland, (DeCaires, Thomson, Toth), 57
- Localization of Gallium-67 citrate in salivary glands following radiation therapy, (Lentle, Jackson, McGowan), 89

Sarcoma

- see Neoplasms

Stomach

- see Gastrointestinal Tract

Testicles

- Gallium-67 citrate scintiscanning in testicular neoplasia, (Jackson, Dierich, Lentle), 84

Tongue

- Demonstration of cavernous hemangiomas of the neck and tongue by internal jugular and subclavian venography: A case report, (Shimshak, Winestock), 203

Tumors

- see Neoplasms

Ultrasound

- Echography: A new approach to the diagnosis of adrenal hemorrhage of the newborn, (Pond, Haber), 40
- Ultrasonic diagnosis of intrauterine fetal death, (O'Maley, Salem), 273
- Ultrasonographic evaluation of breast masses, (Laing), 278

Urethra

- Urethral diverticula in the adult female, (Campbell, Snidermann), 232

Urography

- Urography during pregnancy, (Rigby, MacEwan), 227

Veins and Venography

- The value of preoperative saphenous venography for graft evaluation in femoral arterial occlusive disease, (Tabrisky, Christie, Nejd, Lindstrom), 37
- Continuous injection supine phlebography, (O'Dell, Coel), 186
- Demonstration of cavernous hemangiomas of the neck and tongue by internal jugular and subclavian venography: A case report, (Shimshak, Winestock), 203

Xeroradiography

- The application of xeroradiography in diagnosis of maxillofacial problems, (Kalisher, Olson, Guralnick), 52
